---

## Education

---

### General Assembly, Washington, DC

#### *Full-Time Web Development Immersive*

Full-stack web development program focused on common best practices in object-oriented programming, MVC frameworks, data modeling, and test-driven development. Developed a portfolio of individually focused and collaboratively focused projects.

### George Mason University, Fairfax, VA

#### *B.A. Communications for Public Relations*

Part-Time student learning fundamentals and advanced communication theories, including best practices in business environments, planning strategies, interpersonal relations, crisis management and journalism.

---

## Work Experience

---

### JBS International, North Bethesda, MD, September, 2015- Present

#### *Front-End Drupal Developer*

Developer in Agile environment, convert site designs into light-weight and semantic HTML and CSS markup code that is optimized for desktop & mobile; use W3C validator and 508 web accessibility evaluation tools for semantic web standards.

### Optimus, Washington, DC, June, 2015- September, 2015

#### *Full-Stack Web Developer*

Created several enterprise-level websites, restructured legacy front-ends with updated visual designs and cleaner UX/DI, created internal tools for large-scale data-crunching and calculating, integrated python into rails environments, evaluated and improved internal tools with smarter front-end / more stable back end.

### General Assembly, Washington, DC, March, 2015- June, 2015

#### *Teacher*

In this 10-week course, students learn to code, speak the language and implement their own designs by learning HTML, CSS, and JavaScript. As a Teacher, I actively lectured in front of 10+ individuals, graded homework assignments, created content per class needs, and lead several discussions on advanced topics.

### Transit Labs, Washington, DC, January, 2015- March, 2015

#### *Front End Developer*

Redesign corporate site in adherence to design team mockups, WordPress styling, Data Visualization (Highcharts / D3), and rapidly deploy data-vis projects as requested by Communications Director.
