Web Development Experience

Front-End

- ❖ <https://www.apartmentshowcase.com/> - Design, prototype, and develop a top-down re-build of Greater Washington Publishing's flagship site. Initially took a Jr. role, but quickly became lead FED for project.
- ❖ <https://www.multiplyinggood.org> - Built entire frontend using CSS Grid & Flexbox in conjunction with Foundation while following WCAG conventions. Eventually led dev team in integration process to backend once frontend was complete.
- ❖ <https://grafik.agency> - Using conceptual ideas stored away in InVision mockups, fully re-built the Grafik corporate website to be more in-line with original vision. To aid in this, implemented and heavily used ACF.

Ruby / Ruby on Rails

- ❖ Designed, programmed, and deployed an internal web app to be used as an internal GUI for the World Surf League, specifically to be used as a judging tool and data interface tool for general users and competition judges. This is currently deployed with the World Surf League under the name "BDL" - Beach Data Layer.

4847 West Braddock Rd.

Additional Skills

RDBMS

MSSQL, MySQL, SQLite

HTTP Servers

IIS7, Apache, NGINX

Proficient Languages

HTML/CSS, SCSS, ES5/6, jQuery

Familiar Languages

Ruby, HAML, SLIM, Coffeescript, PHP, React.js

Proficient Libraries/Frameworks

Ruby on Rails, Sinatra, jQuery, Bootstrap, Foundation, Skeleton, Bulma

Familiar Libraries/Framworks

React / Redux, Wordpress, Drupal

Tools

Sublime Text, Grunt, Gulp, Bower, NPM, Browserify, JAWS, VoiceOver, Visual Studio Code

Operating Systems

Linux (Ubuntu & Lubuntu) Mac OSX, Win 7+

Work Experience

Grafik Digital: Front End Developer

April '18 – Aug '19

- ❖ Build, test, and deploy site designs from provided InVision / InDesign / Sketch mockups. Wordpress development using ACF (Advanced Custom Fields) to create custom components, update legacy components, and maintain WCAG AA compliance across all projects.
- ❖ Interfaced with clients to explain requirements and set expectations while balancing multiple projects, either over conference calls or Zoom chat rooms.
- ❖ Prototype and develop finalized front-ends for various Pimcore Projects.
- ❖ Worked diligently and successfully migrated old practices (e.g. using FTP for all file transactions / no AGILE / no CICD / no GIT) into a modern dev practice. Pushed for moving away from jQuery and into ES5/6 with limited success.

Zuffa (UFC): Full-Stack Developer

June '17 – March '18

- ❖ Build, test, and deploy site designs from provided images/HTML mockups. Create or work on import applications. Sites worked on include GUI's for the World Surf League, Drone Racing League, and UFC.
- ❖ Travelled the world to train clients in new software suites, breaching language barriers and adhering to strict travel schedules.
- ❖ Handle service requests and problem tickets as they come in.

Greater Washington Publishing: Full-Stack Developer

April '16 – June '17

- ❖ Rebuild flagship site for company; worked with and collaboratively designed sitemap / mockups, coordinated with Project Manager for each phase, successfully deployed.
- ❖ Handle service requests and problem tickets as they come in.

Society of Technical Communication

April '16 – July '16

- ❖ Helped students with basic to advanced Front End methodologies and resource gathering.
- ❖ Taught classes remotely and in-person, depending on student count.
- ❖ Maintained a friendly environment, despite the typical pitfalls faced by students of Web Dev.

JBS International: Drupal Developer

Sept '15 – March '16

- ❖ Worked on the various Drupal sites employed by JBS as a Front End Dev.
- ❖ Daily execution of assigned work-orders from helpdesk.

Formal Education

George Mason University, Fairfax VA

Attained a B.A. in Communication with a focus in Journalism. It is my hope to return and earn a Masters in Crisis Communication

General Assembly, Washington D.C.

Full-stack web development program focused on common best practices in object-oriented programming, MVC frameworks, data modeling, and test-driven development. Developed a portfolio of individually focused and collaboratively focused projects.

Other Interests
