WORK EXPERIENCE

BIS Global / CharityEngine   Feb. 2020 – Feb. 2021
Front End Developer   *Tysons, VA*
- As Front End Developer, I worked on high profile client sites and forms, maintaining aging infrastructure for:
  - Forms that handled tens-of-thousands of donations, which generated tens of millions of dollars
  - Consumer facing client sites with unique currency restrictions, handling conversion and user design.
- Assist in continued efforts to improve and evolve the functions and design of the webapp, CharityEngine

Grafik   April 2018 – August 2019
Front End Developer   *Alexandria, VA*
- Wordpress dev using ACF to create custom components, update legacy components, and maintain WCAG AA compliance across all projects.
- Prototype and develop finalized front-ends for various Pimcore projects.

FightMetric / UFC   June 2017 – March 2018
Full Stack Developer   *Washington, D.C.*
- Build, test, and deploy site designs from provided images/HTML mockups. Create or work on import applications. Sites worked on include GUI's for the World Surf League, Drone Racing League, and UFC.
- Travelled the world to train clients in new software suites, breaching language barriers and adhering to strict travel schedules. Made in-the-field edits to relevant webapps based on feedback given by clients.

Greater Washington Publishing   April 2016 – June 2017
Full Stack Developer   *Reston, VA*
- Rebuild flagship site for company; worked with and collaboratively designed sitemap / mockups, coordinated with Project Manager for each phase, successfully deployed.

EDUCATION

George Mason University   October, 2008
BA, Communication (Journalism)   *Fairfax, VA*
- Deep desire to return for a Masters in Crisis Communication

General Assembly   October, 2014
Full-Stack Ruby on Rails Development Certification   *Washington, D.C.*
